JON ARROYO

Beverage Director & Managing Partner

Jon Arroyo is more than just a great bartender - he lives and breathes imbibing, from how to create a successful bar program and proper mixology service, to training and creating unique bar menus. Jon was approached to lead Founding Farmers' innovative bar program in 2008, which went on to win the Restaurant Association of Metropolitan Washington RAMMY Award for Best Beverage/Mixology Program in 2011. Since then, the bar and beverage program of Farmers Restaurant Group has continued to receive accolades and recognition for the unique, consistently popular cocktails, for handcrafted beverages and house sodas and for the ever-changing craft beer offerings. Jon spearheaded the creation of proprietary spirits for Founding Farmers, including Rye, Gin, and Pisco with partners such as Copper Fox Distillery - located in VA, and Machu Pisco - located in Peru. He personally blended the newest addition to the bar program, Barn White, Farmers Restaurant Group's white wine blend.

CHU YI

Bar Operations Manager

Chu started his career with Farmers Restaurant Group back in 2008 as one of the opening bartenders for the flagship location, Founding Farmers DC. He quickly proved to be one of the strongest players behind the wood. After three years of mastering the consistently busy DC bar, Chu earned himself a spot on the opening team of MoCo's Founding Farmers. At Founding Farmers Tysons, Chu was challenged with many new programs including our Farm Health Juice Cleanse, new cocktails, and an all-Virginia beer program. Chu isn't just a head bartender, he's a leader, a role model, and a highly respected person on the Farmers Restaurant Group team company-wide. Fun fact: Chu makes a mean Manhattan, and is quite the golfer!
